Subject: Public Comment: DO Something

ATTENTION: This email originated outside of LAPD. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Dear Commissioners:

I once again feel aghast at the violence enacted by LAPD. I feel angry that you, the "citizens voice in police affairs" do not provide any oversight for LAPD, nor ever hold them accountable. You don't even allow time for citizens to voice themselves - you limit their public comment to 45 minutes, and you cancel your public meetings whenever you feel like it. You also hold your meetings at the same time as LA City Council and LA County Board of Supervisor meetings, further decreasing the amount of people interested in civic affairs can have to voice themselves.

It’s extra shameful that you are pretending that the commission is observing Cesar Chavéz Day and that’s why the meeting is canceled. We know this is a lie, as you met in 2020 on Cesar Chavez Day <https://gcc02.safelinks.protection.outlook.com/?url=http%3A%2F%2Flapd-assets.lapdonline.org%2Fassets%2Fpdf%2F033120.pdf&data=04%7C01%7Cpolicecommission%40lapd.onl...c4wljAwMDA1LClCQIjoiV2IuMzIlJiLCJBTiI6Ik1haWwiLCJXVC16Mj00%3D%7C1000&data=U1kgZJSQpwY7wGGL%2FQn91Acml4SidgEnNoh4YUTEPE%3D&r eserved=0> . To use the name of a man who spent his life working for the people as a reason to do the absolute opposite is shameful and disgusting.

LAPD has been averaging one shooting per day and was weaponized for clearing
houseless people off public land and attacking nonviolent protestors for "having flashlight." As always, you've said nothing, you know of obvious conflicts of interest among your board and do nothing. You make promises to change things, but don't.

I demand the firing of Chief Michael Moore, who continues to deny and defend LAPD's racist violence and actions. I demand the defunding of LAPD. The police cannot be reformed.

Signed,

Sarah Bowers

Commissioners:

Last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day. Last year, you literally met on Cesar Chavez Day. Could you provide some clarification here? I would really appreciate knowing why the "civilian oversight" commission that purports to be the "citizen's voice in police affairs" canceled a meeting in the middle of a span of time that saw at least seven "Officer-Involved Shootings" as well as a full-on assault on houseless people at Echo Park Lake.

Once again this week's agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to "continue funding for
Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” What continues to be a major issue is that the public generally has no idea who is providing this money. These donations come from donors who can choose to remain hidden from public view. They are washed in the faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight.

Just this month, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAPF, corporations and even individuals can donate technology and funding for use against community members. I demand an end to this practice, which goes directly against community demands and clearly favors LA’s wealthiest citizens.

Finally: please be honest about who gets to speak and who doesn’t at your meetings. It’s no secret that Zoom gives you the ability to select your speaker queue. Stop playing the outraged innocent. Here’s what you’re definitely guilty of: stifling the public’s ability to speak by limiting public comment to forty-five minutes. It’s especially shameful to do so when you cancelled last week’s meeting, and with so much happening in the city whose police force you’re charged with overseeing.

Signed,

Danielle Carne

Commissioners:

I have been horrified with the practices of the LAPD in the last few weeks. Numerous shootings, caging houseless people and forcefully evicting them and their supporters, plus just all of the horrible things that keep coming out about the activities of both off-duty and on-duty officers. You need to do something NOW!

Last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day. Last year, you literally met on Cesar Chavez Day. Could you provide some clarification here? I would really appreciate knowing why the “civilian oversight” commission that purports to be the “citizen’s voice in police affairs” canceled a meeting in the middle of a span of time that saw at least seven

Commissioners:

Last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day. Last year, you literally met on Cesar Chavez Day. Could you provide some clarification here? I would really appreciate knowing why the “civilian oversight” commission that purported to be the “citizen’s voice in police affairs” canceled a meeting in the middle of a span of time that saw at least seven “Officer-Involved Shootings” as well as a full-on assault on houseless people at Echo Park Lake.

Once again this week’s agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” What continues to be a major issue is that the public generally has no idea who is providing this money. These donations come from donors who can choose to remain hidden from public view. They are washed in the faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight.

Just this month, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAPF, corporations and even individuals can donate technology and funding for use against community members. I demand an end to this practice, which goes directly
against community demands and clearly favors LA’s wealthiest citizens.

Finally: please be honest about who gets to speak and who doesn’t at your meetings. It’s no secret that Zoom gives you the ability to select your speaker queue. Stop playing the outraged innocent. Here’s what you’re definitely guilty of: stifling the public’s ability to speak by limiting public comment to forty-five minutes. It’s especially shameful to do so when you cancelled last week’s meeting, and with so much happening in the city whose police force you’re charged with overseeing.

Signed,

Katie Politanoff

Commissioners:

Last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day. Last year, you literally met on Cesar Chavez Day. Could you provide some clarification here?

What's remarkably coincidental about this is that your sudden reverence for Cesar Chavez and all he stood for came during a spate of seven “Officer-Involved Shootings” within only a week as well as a full-on assault on houseless people at Echo Park Lake. I can assure you that Cesar Chavez would have wanted you all to be working diligently to see that the vulnerable were being protected rather than taking a day off to "reflect", especially when such reflection conveniently protected you from hearing the real pain and anger that the LAPD was continuing to bring to the least protected people of LA, for the benefit of the most protected people of LA.

Once again this week’s agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.”

The public generally has no idea who is providing this money. These donations come from donors who can choose to remain hidden from public view. They are washed in the faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight.

Just this month, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAPF, corporations and even individuals can donate technology and funding for use against community members. I demand an end to this practice, which goes directly against community demands and clearly favors LA’s wealthiest citizens.

Finally: Limiting public comment to forty-five minutes is bad as it is. Its
especially inconsiderate to do so when you cancelled last week’s meeting, and with so much violence being carried out by the LAPD.

Signed,

Mike Wodkowski

Commissioners,

Last week you canceled the meeting to observe Cesar Chavez Day. Last year, you literally met on Cesar Chavez Day. This seems pretty straightforward to me. Knowing that you would be on the receiving end of quite a bit of ire for the (at least) seven times LAPD officers shot civilians, you didn’t want to do your jobs. Then, of course, there’s also the reckoning you hoped to avoid regarding sending a battalion to the encampment at Echo Park Lake.

This is not what I would call oversight.
Once again this week’s agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for the Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” What continues to be a major issue is that the public generally has no idea who is providing this money. These donations come from donors who can choose to remain hidden from public view. They are washed in the faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight.

Just this month, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAPF, corporations and even individuals can donate technology and funding for use against community members. I demand an end to this practice, which goes directly against community demands and clearly favors LA’s wealthiest citizens.

Worst regards,

Brittani

Commissioners:

What happened to the meeting last week? As a member of the public whose "voice" you represent, I was very anxious to hear what you had to say last week after LAPD’s full-assault on unhoused people and allies at Echo Park Lake and in the middle of a span of time that saw at least seven “Officer-Involved Shootings”. I know you said it was cancelled so you could "observe Cesar Chavez Day" but you met on Cesar Chavez Day last year and I think the best way to honor Chavez’s memory would be to engage with the public you represent.

3E-H:
This week’s agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for
Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” These donations come from donors who can choose to remain hidden from public view and the public should know who is privately paying for law enforcement salaries. They are washed in the faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight.

Just this month, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAPF, corporations and even individuals can donate technology and funding for use against community members. I demand an end to this practice, which goes directly against community demands and clearly favors LA’s wealthiest citizens.

Finally, I demand the commission to quit limiting public comment to 45 minutes at your meetings. You are well aware of the voices on the line who are silenced when there isn’t time for them to all be addressed. Chief Moore and LAPD always get all the time they want, it is your responsibility to see to it that the public is granted the same right. And in the same vein of public accessibility, I encourage you to look at a new time for your weekly meeting that doesn't conflict with the City Council Meeting and the Board of Supervisors meeting.

Signed,

Ashley Brim

Dear Cowards (Commissioners),

The last two weeks in Los Angeles have brought the brutality of YOUR militarized police force to the forefront of conversation, as 400 armed policemen violently arrested nonviolent unarmed protesters and the unhoused residents of Echo Park Lake, and then used untold amounts of money to contain and guard the lake for the foreseeable future. I live in the area and am aware of the ridiculous excessive use of costly helicopter flights as well. AND YET, you chose to mysteriously cancel your commission meeting last week, using the excuse of a holiday that you did not observe the previous year. I find it disgusting that you think the commission is your little clubhouse where you can cancel your hang-outs if nobody feels like attending. You are Police Commissioners of the most violent and brutal occupying force in our country and the job you have signed up for requires that you hold these meetings so that angry community members like me can voice my complaints. Do your damn jobs.

Your agenda for this week includes donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” Citing the LAPF allows you to obscure the
actual donors who are funneling money into the violent occupying force which is the LAPD. If you want to even pretend to be an oversight board, and not kiss-asses with dead consciousnesses, then please do more to make the donation sources clear. We do have a right to know.

As always, I hope (blindly, foolishly) that as you skim the letters of public comment this week, you develop even the beginnings of a conscious, and you see how thin your self-justifications are for the monstrosities you participate in. Do better. Do something.

Or fuck off,

Asher Guthertz

Dear Commissioners,

I am an LA resident living in the Cypress Park neighborhood. Last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day, however last year, you met on Cesar Chavez Day. I am deeply concerned that the civilian oversight commission that purports to be the citizen’s voice in police affairs canceled a meeting in the middle of a span of time that saw at least seven officer-involved shootings as well as a full-on assault on houseless people at Echo Park Lake.
Once again this week’s agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” What continues to be a major issue is that the public generally has no idea who is providing this money. Commissioners:

Last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day. Last year, you literally met on Cesar Chavez Day. Could you provide some clarification here? I would really appreciate knowing why the “civilian oversight” commission that purports to be the “citizen’s voice in police affairs” canceled a meeting in the middle of a span of time that saw at least seven “Officer-Involved Shootings” as well as a full-on assault on houseless people at Echo Park Lake.

Once again this week’s agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” What continues to be a major issue is that the public generally has no idea who is providing this money. These donations come from donors who can choose to remain hidden from public view. They are washed in the faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight.

Just this month, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAFP (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAFP, corporations and even individuals can donate technology and funding for use against community members. I demand an end to this practice, which goes directly against community demands and clearly favors LA’s wealthiest citizens.

Finally: please be honest about who gets to speak and who doesn’t at your meetings. It’s no secret that Zoom gives you the ability to select your speaker queue. Stop playing the outraged innocent. Here’s what you’re definitely guilty of: stifling the public’s ability to speak by limiting public comment to forty-five minutes. It’s especially shameful to do so when you cancelled last week’s meeting, and with so much happening in the city whose police force you’re charged with overseeing.
Signed,

Lania Whiteside

Commissioners:

I am confused why the meeting would be cancelled last week after the seven “Officer-Involved Shootings”, as well as a full-on assault on houseless people at Echo Park Lake that occurred over the past few weeks. You are meant to serve as a “civilian oversight” commission and the “citizen’s voice in police affairs”; it is deeply concerning that you would take time off and not address these violent issues more urgently.

I am equally concerned to see that this week’s agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” What continues to be a major issue is that the public generally has no idea who is providing this money. These donations come from donors who can choose to remain hidden from public view. They are washed in the faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight.
Just this month, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAPF, corporations and even individuals can donate technology and funding for use against community members. I demand an end to this practice, which goes directly against community demands, wastes our tax dollars, and clearly favors LA’s wealthiest citizens.

Finally, we ask that you expand the ability for public constituents to comment and raise their concerns in meetings. Especially when meetings are cancelled during times of urgent need, it is of utmost importance to allow space for community members to be heard by the committee who purports to serve us.

Sincerely,

Laura Adery

Commissioners:
Last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day. Yet in 2020, you literally met on Cesar Chavez Day. I would really appreciate knowing why the “civilian oversight” commission that purports to be the “citizen’s voice in police affairs” canceled a meeting in the middle of a span of time where Los Angeles saw at least seven “Officer-Involved Shootings” as well as a full-on assault on houseless people at Echo Park Lake. Could you please provide some clarification on why vacationing on a holiday you worked through last year was a priority, instead of the desperately needed oversight of mass shootings, additional constitutional violations and community terror by LAPD?

Once again, this week’s agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” What continues to be a major issue is that the public generally has no idea who is providing this money. These donations come from donors who can choose to remain hidden from public view. They are washed in the faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight. How does this body continually justify approving money without transparency of its origins? Should this fall directly into the hands of the mayor? Is this the way one of the highest offices in Los Angeles moves donations privately from one hand to another? Should the public sit idly by hoping these donations are ethical? How much longer will you participate in this cover-up?

Just this month, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAPF, corporations and even individuals can donate technology and funding for use against community members. I demand an end to this practice, which goes directly against community demands and clearly favors LA’s wealthiest citizens. Additionally, transcripts and from recordings of helicopter pilots over Echo Park, willing to set fire to entire streets of Los Angeles, were released while you vacationed. The response from a LAPD investigation was it was not their helicopters. Is this body okay with the internal investigative powers of LAPD? Is this body confident of this conclusion? Are you willing to investigate further to see the truth of this statement or if they were former LAPD? Are any further measures going to be taken to ensure that pilots who joke about setting American streets on fire are not allowed to commander helicopters? Additionally, what has been done to determine the role of the known LAPD officers who were involved in the attack on our US Capitol?

Are you as comfortable as your non-actions prove with LAPD’s surveillance, arson, murder and sedition? If not, what actions will prove your disapproval or strong authoritative oversight as the head of LAPD?
Finally: please be honest about who gets to speak and who doesn’t at your meetings. It’s no secret that Zoom gives you the ability to select your speaker queue. Stop playing the outraged innocent. Here’s what you’re definitely guilty of: stifling the public’s ability to speak by limiting public comment to forty-five minutes. It’s especially shameful to do so when you cancelled last week’s meeting, and with so much happening in the city whose police force you’re charged with overseeing. How much longer will you allow the simple transparency task of posting the speaker queue to be neglected?

Signed,

Michele Wetteland

ATTENTION: This email originated outside of LAPD. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Commissioners,

I have so much to comment on. Last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day. Last year, you literally met on Cesar Chavez Day. I would really appreciate knowing why the “civilian oversight” commission that purports to be the “citizen’s voice in police affairs” canceled a meeting in the middle of a span of time that saw at least seven “Officer-Involved Shootings” as well as a full-on assault on houseless people at Echo Park Lake.

Once again this week’s agenda includes several donations from the Los Angeles Police
Foundation, including one in the amount of $295,000 to "continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades." What continues to be a major issue is that the public generally has no idea who is providing this money. These donations come from donors who can choose to remain hidden from public view. They are washed in the faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight.

Just this month, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAPF, corporations and even individuals can donate technology and funding for use against community members. I demand an end to this practice, which goes directly against community demands and clearly favors LA's wealthiest citizens.

I ask to end the 45 minute public comment time limit.

If you could screen share the waiting list of people in line to give comment, community members, like me, could at least know if they might have a chance to speak at the meeting. I ask this commission to brainstorm a way that encourages and builds community interaction. As someone who hears many of the same voices calling in week to week it is frustrating to continuously be denied an opportunity to speak while I patiently wait and hear other community members voice their opinions.

Finally, I continue to see unmasked officers in public - I worry not only for their health but also for the health of all the LA citizens they interact with. Especially while LA continues to enter this "new phase", public safety should be the highest priority for the department, especially when it is something as easy as staying masked in public. I was particularly troubled seeing so many officers either unmasked or partially masked two weeks ago when they were providing "traffic control".

Thank you for considering my comments.

Commissioners:

Last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day. Last year, you literally met ON Cesar Chavez Day. Could you provide some clarification here?

I would really appreciate knowing why the “civilian oversight” commission that purports to be the “citizen’s voice in police affairs” canceled a meeting in the middle of a span of time that saw at least seven “Officer-Involved Shootings” as well as a full-on assault on our unhoused neighbors at Echo Park Lake.

Once again this week’s agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” What continues to be a major issue is that the public generally has no idea who is providing this money. These donations come from donors who can choose to remain hidden from public view. They are washed in the faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight.

Less than 2 weeks ago, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAPF, corporations and even individuals can donate technology and funding for use against community members. I demand an end to this practice, which goes directly against community demands and clearly favors LA’s wealthiest citizens.

Finally: please be honest about who gets to speak and who doesn’t at your meetings. It’s no secret that Zoom gives you the ability to select your speaker queue. Stop
playing the outraged innocent. Here’s what you’re definitely guilty of: stifling the public’s ability to speak by limiting public comment to forty-five minutes. It’s especially heinous to do so when you cancelled last week’s meeting, and with so much happening in the city whose police force you’re charged with overseeing.

In community,

Michelle King

ATTENTION: This email originated outside of LAPD. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Commissioners,

Along with many other concerned residents of the city, I’ve watched as news has come in about at least seven “officer-involved” shootings recently. In the midst of this deadly string of shootings there was also an assault on the homeless residents at Echo Park Lake. While this was going on, the civilian oversight commission canceled a meeting to observe Cesar Chavez Day - a choice inconsistent with even last year’s scheduling decisions.

This week’s agenda includes multiple donations from the LA Police Foundation. It is concerning that the public generally has no idea who is providing this money. These donations come from donors who are allowed to choose to remain hidden from public view. They are given faux-legitimacy of the LA Police Foundation, which exists to funnel this money directly to the LAPD with no oversight. This is an alarming lack of transparency.

Just this month, LAPD helicopters flew overhead while police surveilled community members on the ground during a hostile, hostile, and secretly planned eviction at Echo Park Lake. This was done with the support of funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAPF, corporations and individuals can donate
technology and funding for use against the community. I demand an end to this practice as it goes directly against community demands and favors’s LA’s wealthiest citizens.

I also want to conclude with a concern that many have shared about whose voice is allowed to be heard at your meetings. You must be transparent and equitable about the decisions made for who is given space to speak and share concerns. It’s no secret the Zoom gives you the ability to select the speaker queue. You’re stifling the public’s ability to speak by giving just 45 minutes to comment. It’s shameful to do when you cancel last week’s meeting with so much happening in the city whose police force you’re charged with overseeing.

The community deserves a more active voice, you need to prioritize time for everyone to speak and share their experiences. You cannot cancel meetings to hide from the public when they are faced with so many acts of violence and unchecked power within the police force. It is already hard enough to attend meetings and set aside the time necessary to even have a chance to speak. Give the community priority, give the community time.

Signed,
Ryan

Commissioners,

Last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day, while the commission met on Cesar Chavez Day, 2020. It would be illuminating to understand why the civilian oversight commission canceled a meeting during the span of time that saw at least seven officer-involved shootings and the costly, hostile removal of house-less people at Echo Park Lake. Please advise.

The latter effort above was supported in part by funding from LAPF donations. Using the mechanism of LAPF, individuals and corporations can anonymously donate technology and money for use against community members. This lack of oversight runs counter to community demands and clearly favors LA’s wealthiest citizens. Expanded oversight on the deployment of funds ostensibly for community safety is sorely needed.

Sincerely,

Jared Dyer

Commissioners:

I mentioned this in my public comment last week, but I must reiterate: last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day. Last year, you literally met on Cesar Chavez Day. Could you provide some clarification here? I would really appreciate knowing why the “civilian oversight” commission that purports to be the “citizen’s voice in police affairs” canceled a meeting in the middle of a span of time that saw at least seven “Officer-Involved Shootings” as well as a full-on assault on the unhoused community of Echo Park Lake.

This week’s agenda includes, once again, several large donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” What continues to be a major issue is that the public generally has no idea who is providing this money. These donations come from donors who can choose to remain hidden from public view. They are washed in the Faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight whatsoever.

Just this month, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using
LAPF, corporations and even individuals can donate technology and funding for use against the most vulnerable members of our community. I demand an end to this practice, which goes directly against community demands and clearly favors LA’s wealthiest citizens.

Finally: please be honest about who gets to speak and who doesn’t at your meetings. It’s no secret that Zoom gives you the ability to select your speaker queue. Once again I demand that you stop stifling the public’s ability to speak by limiting public comment to forty-five minutes. It’s especially shameful to do so when you cancelled last week’s meeting, and with so much violence occurring in this city at the hands of LAPD.

Signed,

Yvonne M. Eadon

Dear Board of Commissioners:

Agenda Items 3E-EH: We do not want more funding to LAPD. We don't care where
it's going or where it's coming from. DEFund the police. "Community safety partnerships" is a term that you, the LAPD, and the Mayor use to disguise expanding the police's presence in our communities and neighborhoods.

The general public has called for a decrease to LAPD's budget, but you still keep accepting ways for LAPD to gain more and more money. Do not approve or accept these donations listed on the agenda.

Secondly, this money comes from donors who can remain anonymous - you could be making these donations and no one else would know! We should know who is continuing to fund a department who brings violence to LA.

Thirdly, this is just a way for the LA Police Foundation to give more money to LAPD outside of city regulations and civilian oversight because they know you won't ask questions about it.

Public Comment 1: As many have already pointed out, why did you feel comfortable with meeting on Cesar Chavez Day last year but didn’t feel comfortable meeting the day after Cesar Chavez Day this year? Why couldn’t you have met when your voice should have been loudest to curtail LAPD’s violence and killings in Echo Park?

Public Comment 2: Again, LA Police Foundation (LAPF) provided video recording and streaming capabilities to LAPD helicopters as LAPD surveilled community members during an expensive and violent eviction at Echo Park Lake. LAPF and other private entities should not be able to donate technology against community members. Not only does this again ignore Angelenos' demands, but it means that people with more wealth and money can cause LAPD to commit more violence against citizens. It’s wrong.

Public Comment 3: Audio recordings obtained from those in the surveilling helicopters display LAPD's grossness and disturbing hate. Officers talked about pouring gasoline on people and dropping a match on them. This is disgusting and you are allowing their hatred and animosity toward constitutional rights to protest go
unhindered, but you wonder why no one trusts you.

Public Comment 4: I demand that you stop capping your meetings’ public comment period at a mere forty-five minutes. You give 45 minutes for public comment from a city of 4 million people. Despite your weekly protestations to the contrary, you are silencing the voices of Angelenos by limiting who can speak at your meetings, and for how long.

Signed,

Sarah Bowers

Commissioners:

Last week you told the community that the Police Commission meeting was canceled to observe Cesar Chavez Day. Last year, you literally met on Cesar Chavez Day. Could you provide some clarification here? I would really appreciate knowing why the “civilian oversight” commission that purports to be the “citizen’s voice in police affairs” canceled a meeting in the middle of a span of time that saw at least seven
"Officer-Involved Shootings" as well as a full-on assault on houseless people at Echo Park Lake.

Once again this week’s agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to “continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades.” What continues to be a major issue is that the public generally has no idea who is providing this money. These donations come from donors who can choose to remain hidden from public view. They are washed in the faux-legitimacy of the LA Police Foundation, which exists solely to direct these shady gifts to the LAPD with no oversight.

Just this month, LAPD helicopters flew overhead and police on the ground surveilled community members during a costly and hostile eviction at Echo Park Lake, supported in part from funding from anonymous donors to LAPF (who provided expanded video recording and streaming capabilities to LAPD helicopters and ground units). Using LAPF, corporations and even individuals can donate technology and funding for use against community members. I demand an end to this practice, which goes directly against community demands and clearly favors LA’s wealthiest citizens.

Finally: please be honest about who gets to speak and who doesn’t at your meetings. It’s no secret that Zoom gives you the ability to select your speaker queue. Stop playing the outraged innocent. Here’s what you’re definitely guilty of: stifling the public’s ability to speak by limiting public comment to forty-five minutes. It’s especially shameful to do so when you cancelled last week’s meeting, and with so much happening in the city whose police force you’re charged with overseeing.

Signed,
Jessie Medofer

Commissioners:

Last week you declared that the Police Commission meeting was canceled to observe Cesar Chavez Day. Last year, you literally met on Cesar Chavez Day. I want to know why the "civilian oversight" commission that claims to be the "citizen's voice in police affairs" opted to cancel a meeting when least seven "Officer-Involved Shootings" and violent assault on and displacement of unhoused people at Echo Park Lake had just taken place within the week prior.

Once again this week's agenda includes several donations from the Los Angeles Police Foundation, including one in the amount of $295,000 to "continue funding for Community Safety Partnership program in the South Park Area for Fiscal Year 2021-2022 to cover programming and the salary upgrades." One major ongoing issue is that the public generally has no knowledge of who is providing this money. These donors providing these funds are allowed to remain publicly anonymous. The LA Police Foundation affords them a false semblance of legitimacy, granting these dubious to the LAPD with no oversight.

LAPD carried out a costly and hostile eviction at Echo Park Lake just a few weeks ago, flying helicopters over the area helicopters as police on the ground surveilled and assaulted community members. This displacement was partially funded by anonymous donors to LAPF, providing expanded video recording and streaming capabilities to LAPD helicopters and ground units. Corporations and even individuals use LAPF to donate technology and funding to be weaponized against community members. I demand that this practice, which goes directly against community demands and clearly favors LA's wealthiest citizens, be abolished immediately.

Finally: I demand honesty and transparency around who you allow to speak at your meetings and who you don't. We know that Zoom gives you the ability to select your speaker queue. Stop lying to us. You are stifling the public's ability to speak by limiting public comment to forty-five minutes. It's even more reprehensible to impose this limitation after cancelling last week's meeting, especially with so much happening in the city whose police force you're charged with overseeing.

Signed,

Catherine Safley
