As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability, and upon request, will provide reasonable accommodation to ensure equal access to its programs, services, and activities.
The City of Los Angeles has a unique and culturally diverse population. Its residents represent nearly every culture, nationality, race, and religion on earth. This diversity has significantly contributed to making Los Angeles the vibrant and dynamic City it is today. There are people and groups who commit crimes and acts against members of specific groups. These crimes and acts are called “Hate Crimes” and “Hate Incidents.” It is important to know the facts about hate crimes and hate incidents. Knowing the facts places the community in a better position to recognize hate crimes and hate incidents as a very serious community problem.

**HATE CRIMES**

A hate crime is any criminal act or attempt directed against a person(s), public agency, or private institution based on the victim's actual or perceived race, nationality, religion, sexual orientation, disability, or gender or because the agency, institution or victim is identified or associated with a person or group of an identifiable race, nationality, religion, sexual orientation, disability, or gender.

Examples of hate crimes include:
- Acts that result in injury, no matter how slight the injury appears.
- Threats of violence that look like they can be carried out.
- Vandalism and other destructive acts, resulting in property damage.
- Any criminal act or attempted criminal act, including property damage, directed against public or private agencies.
- Harassment, including anonymous telephone calls, threatening letters, and interruptions of religious services.
- Threats made verbally, in writing, and by means of electronic communication devices which can apparently be carried out. (Electronic communication device includes, but is not limited to, telephones, cellular telephones, computers, video recorders, fax machines, or pagers.)
- Murder.

**HATE INCIDENTS**

A hate incident is any noncriminal act including words directed against a person(s) based on that person's actual or perceived race, nationality, religion, sexual orientation, disability, or gender.

Examples of hate incidents include:
- Epithets.
- Distribution of hate material in public places.
- Posting of hate material that does not result in property damage.
- The display of offensive material on one's own property.

**WHAT CAN BE DONE?**

Hate crimes and hate incidents not only affect the victim but also the community. Hate crimes and hate incidents strike at the heart of our society. Our country, constitution, and national character are based on tolerance and respect for the rights and needs of the individual. Hate crimes and hate incidents directly attack those founding principles; breeding fear, distrust, and uncertainty in the community.

Hate crimes can be prosecuted either as misdemeanors or felonies, depending on the severity of the acts committed. Hate crimes and hate incidents are tracked by the Los Angeles Police Department.

Historically, hate crimes have been under-reported; thus many are not prosecuted. Law Enforcement, the Los Angeles Police Department, and the Los Angeles City, County and U. S. Attorneys’ Offices, are all committed to apprehending and prosecuting perpetrators.

**RESPECT DIVERSITY!**

Respect diversity at work and in your community. The more you learn and know about different cultures and traditions, the richer your life will be. Additionally, support the efforts of the community to fight hate crimes and hate incidents through programs and projects on cultural diversity, human relations, and conflict resolution. Promote the sharing of cultural events and holidays.
